

A **turnkey Solution** for Companies and Personnel
looking to **Safely and Securely** enter

Libya

LIBYA - EXPLORATORY MISSION PACKAGE

*OSSI is pleased to offer a package service to allow companies and personnel to enter and navigate **Libya** securely and with confidence.*

With our personnel currently based in Tripoli, OSSI can offer on-the-ground intelligence and insight, providing a reliable and tested service.

PACKAGE SERVICES

LIBYA - EXPLORATORY MISSION PACKAGE

Security Assessments

OSSI can provide Security Assessments to support better understanding and decision making for our clients. With current intelligence and regional insight on post-conflict Libya, Security Assessments can be tailored to fit the client's region, industry and profile interests, and can vary in complexity

Visa Arrangement & Facilitation

OSSI can arrange visas for entry into Libya, which is now a legal requirement. After the fall of Gaddafi's government, many foreigners entered Libya without visas. As the new Libyan Government and the National Transitional Council formalize the country's administration and processes, our personnel in Tripoli will monitor and facilitate the legal requirements.

Entry Into Libya

Currently, there are numerous options for entry into the country, including overland entry from Egypt or Tunisia and flights into Tripoli or Benghazi. International flights are likely the best option and are becoming more available, as airports become ser-

viceable. OSSI will advise the best option for entry into Libya and make the necessary travel arrangements.

VIP Airport Pickup

Should client personnel enter Libya via a Tripoli Airport, OSSI will make arrangements to facilitate a VIP meet-and-greet pickup and assist the expedited navigation and processing through the airport.

Transportation within Libya

OSSI will provide vehicle transportation services for clients to travel to their required destinations. Our vetted drivers are reliable and have an acute understanding of the environment. The type and number of vehicles required will be selected based on client needs.

Accommodations

OSSI has inspected numerous accommodation options within Libya. Given the client's requirements and profile, OSSI will propose an appropriate secure option and complete an assessment prior to the client's arrival. Internet is available at all OSSI recommended facilities.

Personal Close Protection Services

The provision of security services is an issue currently under review by the National Transitional Council. As such, OSSI can provide Libyan and/or Expat unarmed Close Protection Officers. Only unarmed security is currently available and will suffice given the current security environment and numerous security checkpoints. OSSI believes unarmed escorts are the best means of maintaining safety and security in the post-conflict region.

Translator and Facilitator Services

Having a reliable Libyan assisting your operations will be vital to success in the region. OSSI can arrange translator and facilitator services, and will attempt to match our personnel with the client's industry or geographic interest.

Communications

Cellular service remains good in most inhabited areas of Libya, however, the availability of carrier SIM cards is currently limited, as the Libyan carriers are not yet issuing new SIM cards. OSSI can arrange after-market SIM cards for our clients (sale or lease) during their stay in Libya. In addition, OSSI can provide satellite phones for remote locations.

Medical Services

A medical plan is vital for any mission to Libya. OSSI has assessed and made connections at the major medical facilities in Tripoli. While public facilities are available for immediate care needs, private hospitals are the better option. OSSI will coordinate with local health-care providers to ensure the best medical care for our clients. If the client plans to travel to isolated parts of Libya, OSSI can provide a medic as part of the escort team.

Additional Services

In addition to the basic Exploratory Services listed above, OSSI can also facilitate ongoing operations and initial market entry services:

1. Provision of Long-term Villa / Guesthouse Accommodations
2. Aviation Services
3. Security Services & Training
4. Recruitment & Vetting of Support Staff
5. Registration and Company Formation Advisory
6. Security Vulnerability Assessments (SVA)
7. Medical Support
8. Hostile Environment Awareness Training (HEAT) for Libya.

ABOUT US

Overseas Security & Strategic Information, Inc. ("OSSI") is an international security company providing risk mitigation, intelligence, and physical security services to multinational corporations, governments, aid organizations and private individuals. Operating throughout the world on security and logistics projects for over a decade, we offer a dynamic and responsive security partner, allowing our clients to best achieve their objectives. To date, OSSI has served our clients in 22 countries across Asia, Africa, South America, North America, Europe and the Middle East.

International Experience

OSSI has provided security services globally since 2000. Throughout our years of operation, our cadre of experienced, culturally adept professionals have refined and improved their techniques and procedures to ensure that we provide the most contemporary approach to operate in any environment. We have built exceptional capabilities to operate in the United States, Middle East, South Asia, Africa and South America, and have experience in Europe and Asia. We believe in engaging the local community to build regional partnerships to augment our operational capabilities and national connections.

Security Professionals

OSSI distinguishes itself from other security providers by employing the highest caliber security management personnel. Our seasoned professionals are experienced, mature operators and have generally worked with OSSI for multiple years. Our people tend to be pragmatic, low profile and responsive, and they strive to facilitate our clients' operations in a calm and controlled manner. At the same time, they have

the experience, operational knowledge and capability to take control of the situation, should a security incident occur.

Social Responsibility

OSSI prides itself on maintaining a sensitive cultural awareness and Code of Conduct to ensure that we reflect a positive image on both OSSI and our clients' operations. Our personnel have extensive experience working remotely in a variety of foreign countries, collaborating and integrating with the local community to facilitate our operations in an appropriate and respectful manner, while at all times remaining acutely aware of regional security threats. OSSI is a founding signatory of the Swiss Government initiated International Code of Conduct for Private Security Service Providers and a member of the International Stability Operations Association.
